M. YASWANTH

SOFTWARE DEVELOPER | PYTHON | WEB DEVELOPMENT | SQL

[City, Andhra Pradesh] | +91-XXXXXXXXXX | m.yaswanth.email@example.com | linkedin.com/in/m-yaswanth | github.com/m-yaswanth

PROFESSIONAL SUMMARY

Entry-level software developer with a strong foundation in Python, object-oriented programming, SQL, web development, and problem solving. Interested in building reliable applications, REST APIs, database-driven systems, and automation tools. Familiar with Git-based development, API testing, debugging, and writing maintainable code. Seeking an entry-level Software Developer, Python Developer, or Backend Developer role.

TECHNICAL SKILLS

Programming: Python, Java, C, JavaScript, SQL
Web: HTML, CSS, JavaScript, Bootstrap, React fundamentals
Backend: Django, Flask, REST APIs, JSON, API authentication fundamentals
Databases: MySQL, PostgreSQL, SQLite
Data & Libraries: Pandas, NumPy, Matplotlib, Scikit-learn
Tools: Git, GitHub, Postman, VS Code, Jupyter Notebook, Linux basics
Core Concepts: Data Structures, Algorithms, OOP, DBMS, Computer Networks, Software Testing

PROJECTS

Inventory Management Web Application | Django, Python, MySQL, HTML, CSS, JavaScript

- Designed a database-backed application for product records, stock updates, supplier information, and basic inventory reporting.
- Implemented CRUD workflows, server-side validation, reusable views, and database queries with role-aware access considerations.

Student Performance Analytics | Python, Pandas, NumPy, Matplotlib, SQL

- Built a data analysis workflow to clean student records, calculate performance indicators, and identify subject-wise trends.
- Used Python data-processing libraries and SQL queries to transform raw records into concise analytical summaries and visual reports.

Book Management REST API | Flask, Python, SQLite, Postman

- Created REST endpoints for adding, viewing, updating, and removing book records with JSON request and response handling.
- Tested API behavior with Postman and practiced input validation, HTTP status codes, exception handling, and modular project structure.

EDUCATION

B.Tech / B.E. in Computer Science or Related Discipline | [College / University Name], [City, State] | Expected Graduation: [Year]
Intermediate / Higher Secondary | [College Name], Andhra Pradesh | [Year]

CERTIFICATIONS & ACTIVITIES

- Python / Programming certification: [Certificate Name - Issuer]
- SQL / Database certification: [Certificate Name - Issuer]
- Participated in coding contests, technical workshops, or developer communities: [Add actual activity]
- Solved programming and data-structures problems on online coding platforms: [Add actual platform / count]

ADDITIONAL INFORMATION

Languages: [English] | [Telugu] | [Other]
Target Roles: Software Developer | Python Developer | Backend Developer | Junior Full Stack Developer
